IENE 10 - Preparing health and social care workers to work with socially assistive artificially intelligent robots in health and social care environments.
Project ID: 2020-1-UK01-KA202-078802

Newsletter no.5

December 2022

The Final Meeting

25-26 November 2022
Bucharest, Romania

During the last meeting, the partners shared the reports on delivering the MOOC. The MOOC was delivered to over 460 people across the globe.

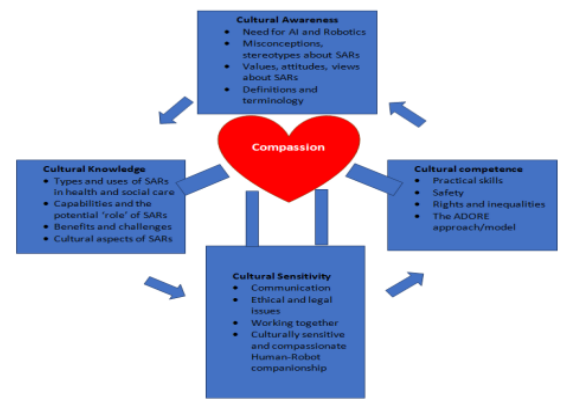

They also identified the projects outputs to be published on the EU outputs platform

The IENE 10 European model

The innovative teaching and learning IENE 10 Model is aiming preparing health and social care workers to work with socially assistive artificially intelligent robots.

All IENE Training Models can be downloaded at <http://ieneproject.eu/training-models.php>

The PTT IENE10 Training and Curriculum Model for preparing health and social care workers to work with socially assistive artificially intelligent robots

The main

OUTPUTS

of the project

The IENE 10 Training Curriculum

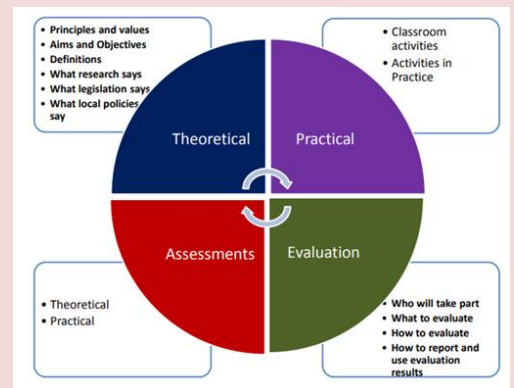

The **Transcultural Robotics Nursing (TRN) Curriculum** is designed to promote culturally competent and compassionate transcultural care with the use of artificial intelligence and social robotics. The Curriculum is organized in four modules:

- TRN Awareness
- TRN Knowledge
- TRN Sensitivity
- TRN Competence

Download the Transcultural Robotics Nursing (TRN) Curriculum Model in [English](#), [Romanian](#), [Greek](#), [Italian](#) and [German](#) at <http://ieneproject.eu/curriculum-modules.php>

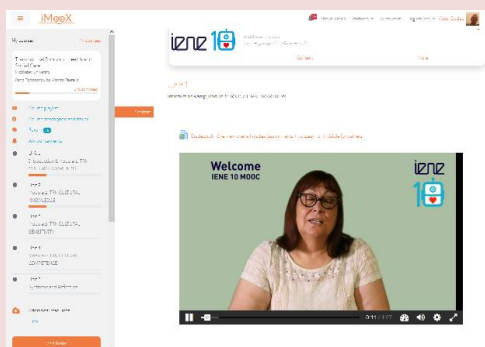

THE LEARNING RESOURCES

A set of **16 Teaching and Learning Tools** for preparing health and social care workers to work with socially assistive artificially intelligent robots were created based on the framework below. Each tool addresses a specific topic according to the Curriculum Modules.

Download the Learning Units at <http://ieneproject.eu/learning-tools.php>

**The IENE 10
Massive Open
Online Course
(MOOC)**

WATCH THIS SPACE!

The MOOC will soon reopen and you can take the online course at your own pace whenever you wish – don't forget to share with your friends! Visit

The IENE 10 MOOC **Transcultural Robotics Nursing (TRN)** combined intercultural education and Robotics in Health and Social Care

The course run from 30th of September to 4th of November 2022.

More than 460 participants enrolled the course, from which 240 achieved the minimum pass rate and 185 submitted the final assessment, receiving certificates of completion/attendance.

The participants improved their knowledge and skills about socially assistive artificially intelligent robots in health and social care (HSC) environments. More information at

<http://ieneproject.eu/learning-tools.php>

The IENE 10 project team held a last project meeting in Bucharest, Romania on the 25th and 26th November 2022.

At this meeting the project team also held celebrations to celebrate 15 years of the IENE programme.

The IENE website is a repository of the **key outputs created by the partners since 2007**. Visit the IENE projects website at <http://ieneproject.eu>

Co-funded by the Erasmus+ Programme of the European Union
