## TRAINING HEALTH CARE TEAMS IN INTERCULTURAL COMMUNICATION AND PATIENT SAFETY

This project has been funded with support  
from the European Commission.

## The European model and Training Curriculum

Partners created an innovative teaching and learning Model and Curriculum based on the training need assessment .

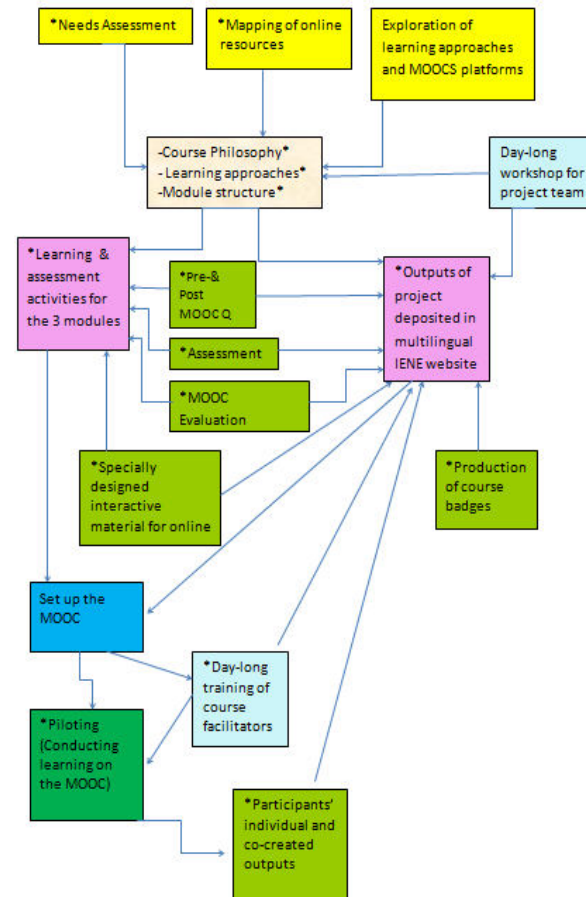

The Report on the training needs , Training Model and Curriculum can be downloaded at <http://ieneproject.eu>

## Training Resources

The partners mapped on Internet Educational resources, collecting training/learning/evaluation materials in CC license and developed themselves content or other materials relating to the modules and topics.

All Open Educational Resources (OER) produced are posted on the project web site [www.ieneproject.eu](http://www.ieneproject.eu) .

## Massive Open Online Course (MOOC)

The resources and assessment tools were embedded on the Blackboard platform and was set up the "Training Healthcare Teams" course. Our MOOC aims to increase the knowledge and skills of members of healthcare teams, in three major areas: **Intercultural communication, Working in multicultural teams and Patient safety.**

The Course has six Modules , each module is **five days** long.
